## Double Coated Polypropylene Clear - High Bond

Other ITC data sheets are available on our website [adhesiveapps.com/our-products](http://adhesiveapps.com/our-products)

### DESCRIPTION

Product 703 is a unique double coated polypropylene film tape with an aggressive thick layer of high bond adhesive for difficult applications. It offers excellent quick stick and a super bond. The product is customized to adhere to low energy surfaces, including high slip films.

### SUGGESTED USES

Product 703 is designed as a closure media for polyethylene and polypropylene bags, non-woven envelopes, and pouches. The high tack permanent adhesive provides a strong bond when the closure is made. Product works extremely well on corrugated or folding board carton material also.
